ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. The Chair, without it being considered a precedent for changing the proper sequence of Special Orders, and pursuant to the unanimous consent request of the majority leader, will recognize the gentleman from California (Mr. FARR) for 1 hour without prejudice to the resumption of 5-minute Special Orders.

TRIBUTE TO LATE HON. GEORGE BROWN

Mr. FARR of California. Mr. Speaker, I appreciate the consideration given to this special order.

As my colleagues have heard, the legislature is coming to an end. And it would be a very sad end if we did not pay tribute to one of the most distinguished California citizens to ever serve in the United States Congress, our beloved George Brown, who passed away this year as a Member of the House.

So tonight, surrounded by his family and friends, Members of the California delegation and other States have come forward and would like to express their feelings and sympathies for the great life of a great man who served longer in the United States Congress than any other Member in California history.

I am very pleased to be able to share this hour of colloquy, hour of memorial resolutions with the gentleman from California (Mr. LEWIS), my esteemed colleague and very close friend of George Brown and his neighbor.

I would like to call upon the gentleman from California (Mr. LEWIS) first. And then we are going to be sharing, as Members want to express their concerns and try to keep their remarks to several minutes. Because we can see there are many people here that want to speak.

Mr. Speaker, "I believe in human dignity as the source of national purpose, human liberty as the source of national action, the human heart as the source of national compassion, and in the human mind as the source of our invention and our ideas." JFK quote.

He was a great man and a distinguished public servant; 45 years of public service; 36 years in the House, the longest serving Congress member in California history.

Won first election—as Monterey Park city councilman and became mayor one year later.

Member of the California State Legislature. First elected to U.S. Congress in 1962. Unlike other politicians, he did not read the polls—No other member of Congress cast more "unsafe" votes—and live to tell the tale.

Best known for his work on science and technology: "With his passing, science and technology lost its most knowledgeable advocate, he embraced the future by articulating a vision that includes harnessing science and technology to achieve sustainable development."

George Brown quote from NY Times interview: "From my earliest days, I was fascinated by science. I was fascinated by a utopian vision of what the world could be like. I've thought that science could be the basis for a better world, and that's what I've been trying to do all these years."

He had the foresight to champion the creation of the Environmental Protection Agency, the Office of Technology Assessment, and the Office of Science and Technology Policy. Recognized leader in forming the institutional framework for science and technology in the Federal Government. Led effort to move the National Science Foundation into more active roles in engineering, science, education and the development of advanced technologies.

Had the vision, courage and integrity to have remained ahead of the mainstream: In the California Assembly authored first bill in the nation to ban lead in gasoline. Recognized, early on: the environmental hazards of burning fossil fuels; the destructive effect of freon; the importance of keeping space development under civilian control; and the necessity of monitoring global climate change. In due time, Congress adopted these issues as legislation.

Style of argument: Brown cultivated a polite and courtly style of argument. His reliance on reason coupled with the respect he showed his opponents made him a very effective advocate and enabled him to form alliances with people of all political parties.

Human qualities: Cigar chomping, rumpled suit, pacifist, social democrat, fierce idealist, a maverick. At UCLA, he helped create some of the first cooperative student housing and was first to integrate campus housing by rooming with Tom Bradley—the future Mayor of Los Angeles. Joined the Army despite his pacifist leanings in order to serve the country.

Inspiration to California Democrats: The current California Democratic party is replete with individuals who worked on Brown's several campaigns, including Senator Boxer. Dean of the California Congressional Delegation. He was our hero, and our inspiration to continue championing good and fighting evil.

Mr. Speaker, I yield to the gentleman from California (Mr. LEWIS), my colleague and esteemed friend, the chair of the Republican delegation from California.

Mr. LEWIS of California. Mr. Speaker, I appreciate my colleague yielding.

Mr. Speaker, I am wondering, let me ask my colleague a question if I can by way of procedure. I know there are Members on both sides who are asking for time, etcetera, and I have made a list and so on. Should we kind of divide this time in a way that I can distribute

time and ask the Chair for unanimous consent for that?

Mr. FARR of California. I have no objection.

The SPEAKER pro tempore. Under the procedures of this Special Order, the gentleman from California (Mr. FARR) controls the time and distributes the time.

Mr. LEWIS of California. If he yields half of it to me, then can I distribute it?

The SPEAKER pro tempore. There is an hour on the clock, which is reserved to designees of the Leadership; and the Chair will not recognize for subdivisions of that hour.

Mr. LEWIS of California. Mr. Speaker, I very much appreciate any colleague yielding.

Let me say that I intend to make the bulk of my remarks at the end of this session. But let us begin by indicating to the body that oft times, especially with the advent of C-SPAN, the public very often sees only the confrontation between the two sides of the aisle, debate swirling around very important issues that sometimes takes us to the extreme of expression and confrontations that is the presumed norm.

I must say that, over the years, I have had great pleasure in the fact that George Brown and I found working together that we had so much more in common than our people who watch us on the football team of politics in our home district territory would ever realize.

For the Members' information, our commonality for me began when as a young person just out of college entering the life insurance business, I settled in a small town outside of Los Angeles for a couple of years to be close to the big city.

The local assemblyman at that point in time was one George Brown, and that is when I first heard of this legislator and friend to be.

Not too long after that, George sought his seat in the U.S. House of Representatives and served there for a distinguished period of time that was a part of his distinguished career. He then sought a seat, or at least the nomination, in the U.S. Senate and left the Congress for a while.

In the meantime, I had returned home to San Bernardino County. It was years after that initial contact in Monterey Park that I got to know George as a candidate for the Congress in our territory near his former home in Colton, California. He served in the Congress for a period of time before I arrived here. But over the years, we developed a very, very close personal relationship.

Most importantly, we developed a professional relationship, as well. And as his wife Marta that is in the chambers with us in person but in spirit in many more ways, along with her family, it is my privilege to share with my
